NON-EXISTENCE FORMULA

ELAINE SIEGEL, SNOW WHITE PGMS CHF OSA US

Hi. I think most of you know me, Elaine Siegel, Snow White Programs Chf OSA US.

There have been some recent changes in the Snow White Unit at OSA US, and I wanted to get out of Non-Existence in a new unit of time, and brief you on my functions (which have changed a bit), and some changes in the Unit itself.

There is currently a Garrison Mission in Snow White OSA US, with Mr. Diethelm Alisch as the Snow White Unit IC OSA US, and Mr. Humberto Herrera as the Snow White Unit O/O OSA US. The mission was fired to beef up and expand the functions of the Snow White Unit OSA US, so that the Snow White strategy can be fully implemented and done.

The Snow White Program is a Program written by LRH in 1973, which has as its Ideal Scene "All false and secret files of the nations of operating areas brought to view and legally expunged and OTC, "Apollo" and LRH free to frequent all Western ports and nations without threat and all required ports open and free."

So the overall purpose currently for the Snow White Unit is to get the false reports on the Church and LRH in government files brought to view by using the Freedom of Information Act (a federal US law which allows citizens access to government files), and get them expunged from the files, to create a safe environment for Scientology to expand into.

Part of this overall campaign is handling Interpol, the International Criminal Police Organization, which is a conveyor belt of false reports on the Church and LRH around the world. Interpol is a private international organization, under the jurisdiction of no government body, which maintains dossiers on millions of citizens around the world. It is based in Lyon, France currently.

There are some differences in the overall Snow White Org Board. The entire Unit is in Division 7, Executive Bureau, under the CO OSA US. There are currently 4 Branches in the Unit: the FOIA Branch, the CIC Branch, the Snow White Planning Branch, and the Snow White Execution Branch.

Grace Marie Haddy is over the Snow White Planning Branch which does analyses, locates false reports, and gets the false report correction packs compiled, which clearly show that the government documents have false reports in them.

As the Snow White Programs Chief, I run the Execution Branch, and oversee all the Snow White litigation (legal cases against government agencies), and I run the Snow White Social Reform/PR actions (Interpol offensives, FOIA Legislative Reform actions, NCLE* groups, etc). I also get the False Reports corrected in the government files, using church staff or attorneys to accomplish this.

Grace Marie is currently overseeing the FOIA requests area right now, until the Unit is more fully manned up, so any FOIA matters can now go directly to her.

Some recent offensive products from my area are

1. This past week, we got a US Congressman to initiate an investigation into Interpol in the US, by requesting that the General Accounting Office (GAO - a watchdog and investigative body for Congress) conduct an inquiry into Interpol. We listed out a series of 19 questions that the GAO will now look into during their investigation.

2. We have established 6 National Commission on Law Enforcement and Social Justice* (NCLE) groups in the US to push in the Social Reform actions and get Interpol handled.

3. We have established 2 FOIA Reform groups in the US, along with an outside PR consultant who runs a separate FOIA Reform group, to get FOIA reform legislation initiated and passed in Congress.

4. With the Dissem Bureau's help we just updated our FOIA Handbook, which is an upstat, glossy booklet educating the public on how to do FOIA requests, and informing them on the need for FOIA reform by seeking legislative action.

5. A series of Interpol Research Missions were done, which have dug up some good crimes on Interpol, including their involvement in drug trafficking in the world.

My needed and wanted from you is that I keep informed on all matters dealing with government attacks, Interpol, FOIA legislation, FOIA Reform actions, including news articles, legislation, reports, etc. This is key to ensure you CC me on your reports on this, as I can get handlings implemented at this level and at the DSA level.

Please let me know what is needed and wanted by you, from me as the Snow White Pgms Chf OSA US.

ML,
Elaine Siegel -
